EDUCATION

B.Tech, Computer Science & Engineering — CGPA 7.71 / 10
Mahatma Gandhi Institute of Technology (MGIT), Hyderabad — 2024 – 2028 (3rd Year)

Intermediate (MPC), TS Board — 90% | Sri Chaitanya Junior College — 2022 – 2024

SSC — 95% | Genius High School — 2022

TECHNICAL SKILLS

Languages	Python, JavaScript, TypeScript, SQL
Frameworks & Libraries	React 19, Next.js 15, Node.js, Flask, FastAPI, Socket.IO, YOLOv8, OpenCV
Databases	MySQL, MongoDB, SQLite, Oracle
Tools & Platforms	Git, GitHub, Docker, Google Cloud, Render, REST APIs, JWT, OAuth, WebSockets

PROJECTS

ProctorX — AI-Powered Online Exam Proctoring System

Python, Flask, Socket.IO, YOLOv8, OpenCV, SQLite

- Built an end-to-end proctoring platform that detects suspicious exam behaviour in real time.
- Implemented YOLOv8 object detection, OpenCV face verification, multiple-face detection, and tab/fullscreen monitoring.
- Designed a 25+ rule risk-scoring engine with severity levels, threshold-based auto-submit, and screenshot evidence capture.
- Built Student, Admin, Faculty and College-Admin dashboards with Google OAuth, OTP verification and exam reporting.

NEXUS — Engineering Workspace Platform (Frontend)

Next.js 15, React 19, TypeScript, REST API, JWT

- Built the frontend for a collaborative engineering workspace consuming a REST API — project tracking, issues, pull requests and build status.
- Developed responsive landing and dashboard interfaces, organization management, invitations and protected application routes.
- Implemented registration, email verification, password reset and magic-code login with JWT refresh-token sessions over HttpOnly cookies.
- Created a global authentication context with automatic token refresh for persistent secure sessions.

CERTIFICATIONS

Oracle Cloud Infrastructure Certified AI Foundations Associate — Oracle

Oracle Certified Foundations Associate, Agentic AI — Oracle

Python Developer Associate — DataCamp

SQL and Relational Databases 101 — IBM Skills Network

CRUD Operations — MongoDB University

ADDITIONAL

Coursework: Database Management Systems, Operating Systems, Computer Networks, Object-Oriented Programming, Software Engineering

Languages: English, Telugu, Hindi, Japanese
